LOEB ELECTRIC

Now Stocking Programmable LED Drivers

Give us a few minutes, we'll save you a few weeks!

ADVANCE by signify

Bring in a failed LED driver to any of our five central Ohio locations and we'll program one of our stocked Advance LED drivers to meet your needs—all in approximately 5 minutes!

For outdoor, linear, and downlight applications, we've got the LED driver to get the job done.

These 8 LED drivers can be programmed to accommodate 90% of the drivers currently out in the field! And if one of these doesn't work, we'll order one that does—*simple, fast, accurate.*

	MAX WATT POWER	PART NUMBER
