

# Materials & Services to Support Your Environmental Goals

To address the growing focus and concern on the impact our businesses have on the environment, Loeb Electric has partnered with manufacturers to get you access to the environmentally-conscious products your customers count on.

## ELECTRIC VEHICLE SUPPLY EQUIPMENT

- Chargers to meet every installation need
- Infrastructure planning support
- One-stop bill of materials

## SOLAR & ENERGY STORAGE

- Access to the materials you need
- Job-site storage solutions
- 15+ local project management team members

## ENERGY-SAVING LIGHTING SOLUTIONS

- Alignment with the industry's best suppliers, with carbon neutrality focus
- In-house lighting expertise—audits, designs, & project management
- Local material storage & management

Loeb Electric is the team you can trust to deliver the best results for your customers. Let's grow your environmental services today.
