

YOUR NATIONAL SUPPLY PARTNER FOR

LIGHTING

POWER DISTRIBUTION

BUILDING CONTROLS

DATACOMM

EV CHARGING STATIONS

Welcoming guests and creating a memorable experience is a top priority for every hospitality property. Loeb Electric is a trusted partner for new construction, renovations, and upgrades—providing end-to-end lighting and electrical supplies and project management, with expertise in LED retrofits, lighting and controls upgrades, and energy-saving solutions that support business performance.

HOW WE SUPPORT YOUR BUSINESS

• **Multi-property standardization**

Approved products, national pricing, and repeatable specifications across your portfolio

• **Proactive inventory & supply chain planning**

Strategic stocking and coordinated deliveries designed around renovation and new construction schedules—helping keep long lead-time materials from stalling your projects

• **Technical, specification, & value-engineering support**

Product selection, specification review, and value engineering to meet project requirements and budgets

• **Dedicated National Accounts team**

Your single point of contact across every location, built for long-term, multi-site partnerships

WORKING SEAMLESSLY WITH YOUR GENERAL CONTRACTORS, DESIGNERS, AND PROJECT TEAMS

Let's talk about your next project.
